GENERAL FEATURES & KEY BENEFITS

- 25-year performance guarantee & 15-year product warranty
- Particularly suitable for Building Integrated Photovoltaics (BIPV)

- Silver coloured glass and frame for special architectural requirements (similar to RAL 7043)*

- For buildings of high aesthetical value and for areas subject to landscape constraints

- Less shades and more reflected light to the cell thanks to the round ribbon

- 2 independent section design secures a higher energy yield under shaded conditions

- Long cable as standard suitable for landscape configurations
